

The National Clean Air Award

Securing freedom from tobacco smoke

Silver

Awarded to:

Houghton International Electrical

Fisher Street, Walker, North East, NE6 4LT

Date Awarded – 14th February 2007

The management has received this award in recognition of its commitment in providing an environment that minimises exposure to secondhand tobacco smoke, to protect the health, safety and well-being of all who enter these premises.

The National Clean Air Award is a Roy Castle Lung Cancer Foundation initiative.
